

DRIVE PERFORMANCE WITH STADIUM SEATING

RECARO player benches

NOTHING BEATS THE ORIGINAL. AT THE WHEEL OR AT THE STADIUM.

Motorsport isn't the only sporting event where RECARO seats come into their own: RECARO is a familiar sight in many sports stadiums around the world. It all began back in 1994 with a friendly favor for a soccer coach suffering from back problems. To help relieve the pain, the coach took his place beside the player bench on a customized vehicle seat. This inspired what has now become a hugely popular seat model for so many clubs around the world: RECARO's player benches.

It's not only in their cars that sport stars enjoy the comfort of original RECARO seats – players, coaches and physiotherapists count on RECARO as an expert in ergonomic seating in the stadium too. That's why we based RECARO player benches on our car seat models. Thanks to the comfortable sitting position, ergonomically designed seat structure, firm upholstery and, not least, the powerful seat heating, substitutes are always ready and rearing to go – whatever the weather.

Enjoy the game!

RECARO PLAYER BENCHES

ERGONOMICS MEETS OUTSTANDING CRAFTSMANSHIP.

Our player benches are based on car seat models that have undergone intensive testing on the most extreme roads and tracks during development. The result: maximum athletic performance – even at the extremes. RECARO player benches combine comfort, robust materials and outstanding craftsmanship. And the result is very special indeed.

Since the physical strain on the player's body is immense during the game, perfect support is vital. Sitting is one of the worst possible positions for your body because it's passive. That's why many athletes complain of muscle tension, headaches or concentration issues after long periods sitting down. RECARO player benches compensate for these factors with a comfortable posture, individually adjustable backrest angle and It really is as comfortable as it looks! Exceedingly comfort features such as optional seat heating.

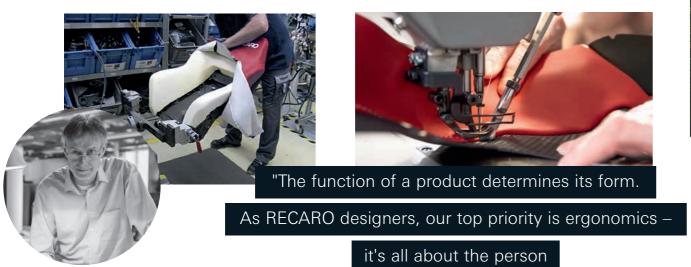

We have been experts in ergonomic design for over 110 years. We know that human beings aren't built for sitting down. Let alone for hours on end behind the wheel on the road or track where switching to a better posture is not an option. Your seat needs to support your body and relieve the strain. We take this passion just as seriously when it comes to player benches.

Chief Engineer Industrial Design RECARO Automotive Seating

Customizable colors. High-quality printed team and sponsor logos. Perfect stitching and an eye-catching silhouette with flowing contours. RECARO player benches combine esthetics, hard-wearing materials and outstanding craftsmanship. And the result is very special indeed.

hard-wearing vinyl leather and high-end foams complete our range of materials. A great deal of traditional craftsmanship goes into our seats. From the delicate seams and carefully printed logos to the superb finish, the finely honed skills of our craftsmen shine through. Not even the tiniest detail escapes their expert eye, ensuring that every single feature underlines RECARO's claim to premium status.

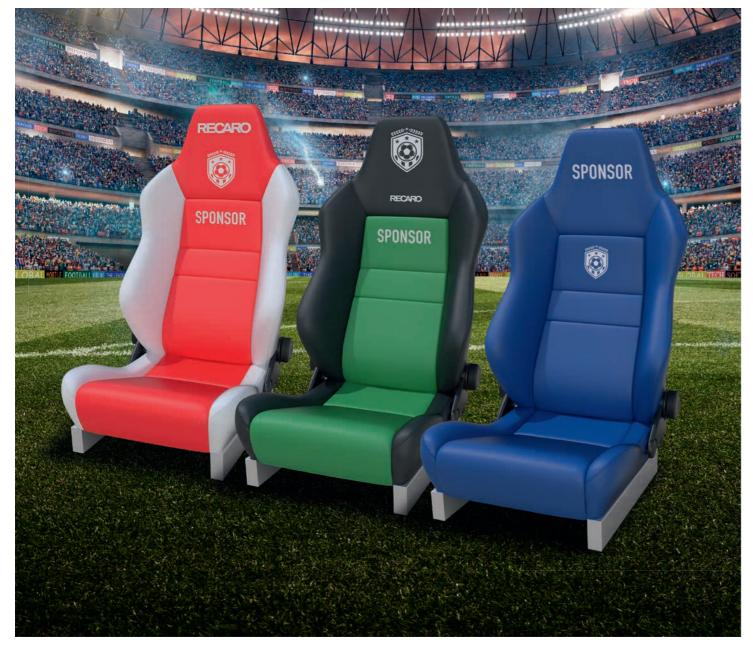

in the seat: form follows human."

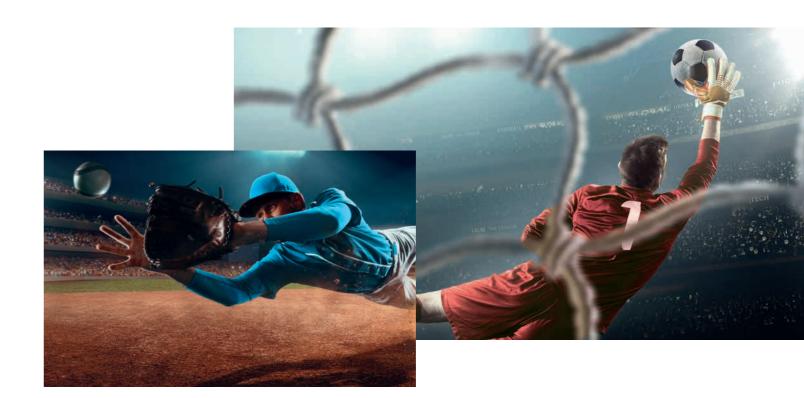

PRODUCT INFORMATION RECARO PLAYER BENCHES Standard features RECARO + Lumbar support + Ergonomic lateral support + Specially formed shoulder support + Individually adjustable backrest recliner + Streamlined design + Integrated headrest + Cover material: waterproof vinyl leather + Customizable colors + Printed team and sponsor logos **SPONSOR** + Seat heating in the backrest and seat cushion AVAILABLE WITH OPTIONAL SEAT HEATING

SPONSORSHIP DOESN'T GET COMFIER THAN THIS.

Our seats don't just cater for comfort: they also offer exclusive space for sponsorship, which will be highly visible during televised matches. Customize your original RECARO player benches today and chose one of the available branding options – with large or medium-sized RECARO lettering on the backrest, or even no RECARO logo at all. The choice of colors is practically limitless.

BRANDING OPTIONS:

GOLD*

Discreet RECARO needle and large RECARO logo (width: 18 cm) at the top of the headrest on both sides; headrest and backrest can be used for sponsorship.

SILVER

Discreet RECARO needle and small RECARO logo (width: 10 cm) front-bottom on the headrest; headrest and backrest can be used for sponsorship.

BRONZE

Discreet RECARO needle and no other RECARO logos, leaving the whole seat free for advertising or sponsorship.

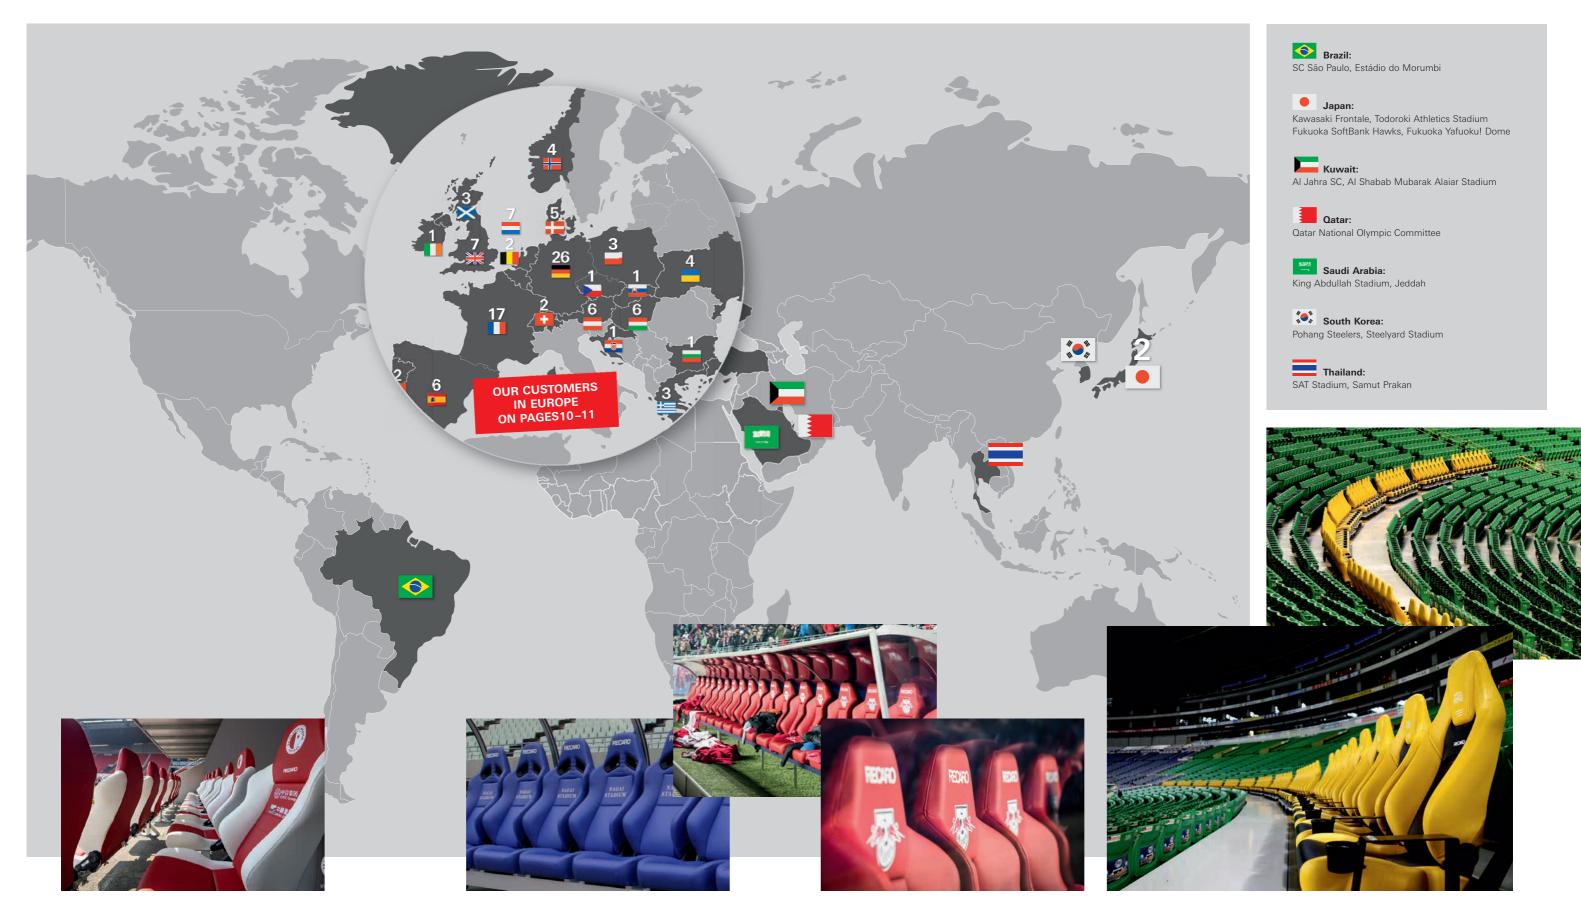

Minimum order quantity > 20 units. RECARO seats with RECARO logo must first be reviewed and approved by RECARO. Prices available on request.

* GOLD: The team can receive a discounted price on the basis of a trade-off, for which it will offer RECARO the following benefits in return: The RECARO seat branding must be shown at national games and at games where the team has the necessary rights. This means that games with foreign rights (e.g. the Champions League) are not covered. RECARO may additionally quote the team as a reference and may use the team logo or the logo of its business partner. The club provides RECARO with image and film material (in which the seats are visible) that RECARO can use freely. The team provides RECARO with quotes explaining why it uses RECARO seats (e.g. from players, trainers, management).

INSTALLATION AS QUICK AS YOUR HALFTIME.

Each of our seats can be installed onto your customized base in just a few quick steps using only six nuts (M6) and bolts. Our team is happy to provide you with more information.

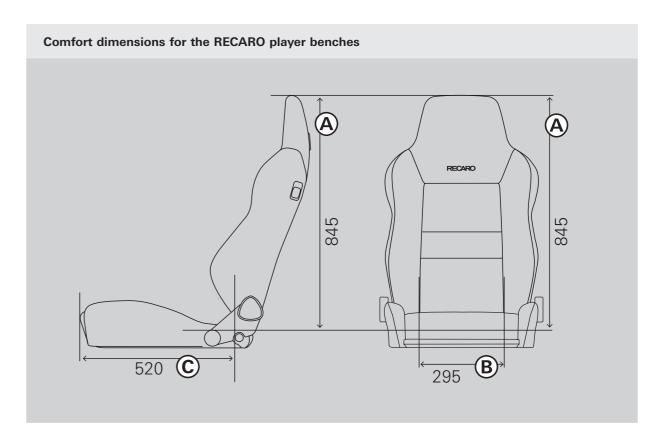

COMFORT YOU CAN REALLY FEEL.

At RECARO, we put people first. The dimensions of our seats are perfectly calculated so that you can actively feel the seat's comfortable design when you are sitting in it. They are the key to a proper sitting experience.

As our comfort dimensions are measured on the upholstery and seams, small deviations may occur.

KEY:

- A: Seat height
- B: Seat width
- C: Seat depth

Dimensions in mm, all dimensions +/- 10 mm

NOTES:

- Seats with adjustable backrest were measured at a backrest angle of 73° 74°.
- The seat height indicates the vertical height of the backrest from the top of the headrest to the top of the seat cushion.
- The seat width indicates the width of the seat cushion without side bolsters. This dimension was measured 12 cm in front of the bottom of the backrest.
- The seat depth indicates the total horizontal length of the seat cushion (from the front of the cushion to the bottom of the backrest).
